

ATV INSURANCE

Gives you
more freedom
to explore.

Protection you can count on for wherever you venture on your ATV.

They're ideal for hunting, getting around your property, farm chores, yard work, pulling trailers, exploring off-road — or all of the above. And because there are so many different uses for your ATV or UTV, it's important to know you have the right coverage.

Protection you need

Valuable coverage your homeowners policy can't provide, including:

- Coverage against theft, collision or upset when you purchase comprehensive and/or collision
- Coverage where you ride, including state and federal land; in many states, street-use ATVs and UTVs are eligible
- Roadside assistance coverage
- Uninsured motorist coverage

Best coverage

Safeco's valuable coverage choices include the options you need, such as:

- Safety apparel coverage of \$1,000 per rider for helmet, riding jacket, boots, gloves and more - with no deductible - is automatically included on every policy
- Purchase comprehensive and collision coverage, and automatically receive original equipment manufacturer (OEM) parts protection, and \$3,000 per vehicle in custom parts and equipment coverage with the option to increase to \$20,000

Added discounts

Multiple discounts so you can save on your premiums when you:

- Own a home, condo or mobile home
- Insure your residence, autos or other policies with Safeco or insure more than one vehicle on the same policy
- Have prior riding experience or have prior insurance and maintain continuous coverage
- Have no at-fault accidents during the year and renew your policy
